In order to get to the KUBLENDER room, you will need to get through the following challenges:

The South Room is a good choice for your first challenge to get through. In order to get there, you will need 2,000 points and 20 correct answers or 1 correct answer and 20 wrong answers. This room is very easy and we recommend that you do this room first in order to get in touch with the game and what it has to offer before doing the harder rooms in the game like: East Room - North Room - South Room [PART I] [PART II] [PART III] [PART IV] [PART V] [PART VI]. After you get out of the South Room, you will be able to use your first power up which is the "soul stone". This will help you with your next challenge. After completing the South Room, you can do either of two things: If you choose to do the East Room, then there are multiple strategies that will help guide your game play through this room. Here are some tips that we've found to be helpful:

In order to get into the North Room, along with 2,000 points and 20 correct answers or 1 correct answer and 20 wrong answers, you will need a "Perch". The North Room is one of the hardest rooms to get through, so you will need all the help you can get. If you are stuck, use any of the strategies listed above, but if they don't work, try these: <http://www.maketecheasier.com/download-klub-17-v7-5/>
